3	Outstanding actions required to finalise the NKNPlan Di has arranged for our next committee meeting on the 23 rd February 2022 to be with officers from Strategic Planning, Rachel Jones Urban Design Officer and Rebecca Eng Heritage Officer, to brief them on our Plan and receive feedback. Di will also raise the question of Gala Bingo as a possible heritage asset at risk. David Cockle suggested we request access to the building to view progress. Katrina offered to write to Barry Lomax requesting access. Di is currently working on sustainability issues. Howard commented we should enquire whether our Design Code will have more bite if included within the NPlan document itself rather than an appendix, although this may end up making the NPlan document in excess of 150 pages. We should consider directly inserting into the Plan document, we can always convert to an

	<p>49 Lower Kings Road. It was agreed we submit an objection.</p> <ul style="list-style-type: none"> • Katrina stressed it was important that individual responses are also required. • Duplications of a round Robin letter tend to be dismissed. • CARA kindly agreed to consider responding as well. • John suggested we needed to stress the need for nursery provision in the borough. • Saphina promised to email her comments to Di as her audio connection was intermittent. • John asked when the objection to 49 Lower Kings Road needs to be submitted, it was thought before 7th February. 		
7	<p>AOB : John updated the meeting on the Barge Dock saying residents are concerned that the proposed restaurant will fail and be converted to residential. The developer will require a 'change of use' consent which will be more difficult for them as the site is currently protected by an Article 4 Direction, requiring full planning permission.</p>
